

TÜV SÜD Akademie

Trainings and certificates on international standards

Management Systems			
Name	Duration	All participants gain a TÜV SÜD Akademie certificate. Special types of certificates:	Modular qualification scheme
Quality Management Specialist QMS-TÜV (ISO 9001)	5 days		x
Quality Management Representative QMR-TÜV (ISO 9001)	5 days		x
Current quality techniques	3 days		x
Quality Manager QM-TÜV	5 days		x
Quality Management System Auditor QMA-TÜV (ISO 9001)	5 days		x
Quality Management Representative QMR-TÜV	Exam	Competence certificate (TGA/IAF)	
Quality Manager QM-TÜV	Exam	Competence certificate (TGA/IAF)	
AQM-Auditor ®-TÜV in accordance with EOQ Harmonized Scheme	Exam	Competence certificate (TGA/IAF)	
Introduction of ISO 9001:2000	1 day		
Process management	1 day		
Internal auditor IRIS	3 days		
1. and 2. party auditor ISO/TS 16949:2002	2 days		
Process auditor according to VDA 6.3	2 days		
FMEA training	2 days		
The ABC of the quality audit (for managers and co-auditors)	3 days		
Innovative Audit (process-oriented auditing)	1 day		
Environmental Management Specialist UMS-TÜV (ISO 14001)	4 days		x
Environmental Management Representative UMR-TÜV (ISO 14001)	4 days		x
Environmental Management Auditor UMA-TÜV (ISO 14001)	5 days		x
The ABC of environmental audits for managers and co-auditors	3 days		
Occupational Health and Safety Management Specialist ASMF-TÜV (OHSAS 18001)	3 days		x
Occupational Health and Safety Management Representative ASMR-TÜV (OHSAS 18001)	3 days		x

Occupational Health and Safety Management Auditor ASMA-TÜV (OHSAS 18001)	4 days		x
Balanced Scorecard - an efficient means for reaching Business Excellence	1 day		
Key performance indicators - controlling process-oriented management systems by indicators and facts	2 days		
Process analysis and process optimisation	2 days		
Risk Manager TÜV	4 days		
TQM-Coach TÜV TQMC-TÜV - implementing the E.F.Q.M. model of excellence	12 days		
Assessor-training part 1 - EFQM basic seminar	1 day		
Assessor-training part 2/3 - EFQM private study/evaluation workshop	2 days	E.F.Q.M. Euro-Assessor certificate	
The Six Sigma Strategy	1 day		
Six Sigma Champion	2 days		
Six Sigma Yellow Belt	3 days		
Six Sigma Green Belt	3+4 days		
Six Sigma Black Belt	20 days + private study		
Quality management in the health and social sector - basic course	3 days		x
Quality management in the health and social sector - advanced course	3 days		x
Quality management representative QMR-TÜV additional course	4 days		x
Quality management auditor QMA-TÜV for the health and social sector	5 days		x
Leadership, communication and soft skills			
Project management - basic course	2x2 days		x
Project management - advanced course	3 days		x
Project management - guiding project teams	2 days		x
Project management preparation of IPMA Level C certification	2,5 days	IPMA Level C certification	x
Project management preparation to IPMA-Level D certification	2,5 days	IPMA-Level D certification	x
Project management - compact course	8 days		x
Project management for managers	1 day		x

Food Safety			
The HACCP concept of the Regulation EC 852/2004 relating to food safety	1 day		
Internal audits in the food industry (ISO 19011, 9001, IFS, BRC, QS, GmP+, Eurepgap, Bio, ISO 22.000, HACCP)	3 days		
Food hygiene training according to DIN 10514 and EC food hygiene directive 852/2004	1 day		
Management Systems for food safety (IFS, HACCP, BRC, ISO 22.000)	1 day		
Plant Engineering and Production Technology			
The Pressure Equipment Directive 97/23/EC (CE marking)	1 day		
The new European Machine and EMS Directives 2006/42/EG and 2004/108/EG	1 day		
TPM total productive maintenance	2 days		
Freezing agents - current legislation, alternative substances, practical use	1 day		
Environmental Engineering			
REACH (Registration, Evaluation and Autorisation of Chemicals)	1 day		
REACH in practice (Registration of Chemicals)	1 day		
GHS - The new system for evaluation, marking and packaging of chemicals	1 day		
European Regulation (EC) No. 1013/2006 on Shipment of Waste	1 day		
Handling hazardous goods - storage and internal transport	2 days		
Occupational Safety			
SCC Training and certified exam for operationally active employees	2 days	SCC certificate (TGA)	
SCC Training and certified exam for managers and exchange of experience	2 days	SCC certificate (TGA)	
The responsibility of management in the field of occupational safety	1-2 days		
International requirements in the fields of occupational safety from the view of a german enterprise	1 day		
Nanotechnology and protection of workers	1 day		
Playground safety (EN 1176-7)	1 day		
Expert for playground safety according to EN 1176-7:1997	2 days		

Akademie

Occupational Health and Safety Management Specialist ASMF-TÜV (OHSAS 18001)	3 days		x
Occupational Health and Safety Management Representative ASMR-TÜV (OHSAS 18001)	3 days		x
Occupational Health and Safety Management Auditor ASMA-TÜV (OHSAS 18001)	4 days		x
Electrical Engineering			
Expert for Solar Technology - TÜV	10 days		
"Expert for Solar Technology - TÜV" - advanced module specialisation photovoltaics	4 days		
"Expert for Solar Technology - TÜV" - advanced module specialisation roof	4 days		
"Expert for Solar Technology - TÜV" - advanced module specialisation solar heating	4 days		
Photovoltaic plants - planning, sales, maintenance	4 days		
Solar heating plants - planning and sales	4 days		
European Standards - rules and regulations for certified electricians	1 day		
Electrical equipment in explosion susceptible areas (EN 60079, EN 13463, EN 50281, 94/9/EG, IEC 61241)	2 days		
Hybrid and fuel cell technology for vehicles - basic course	1 day		
Experts for electricity working with HV-systems in fuel cell - or hybrid vehicles	1 day		
Base module as electrician for defined activities performed on HV systems for fuel cells and hybrid vehicles	5 days		
Advanced module as electrician for defined activities performed on HV systems for fuel cells and hybrid vehicles	5 days		
Introduction into hybrid technology for experienced electricians	2 days		
Building Services Engineering			
Basics of ventilating and air-conditioning systems part I	1 day		
Basics of ventilating and air-conditioning systems part II	1 day		
Measuring in heating, ventilation and air-conditioning technology (HVAC) according to EN 12599	1 day		
Training for on-site energy consultants (BAFA): Energy efficiency of residential buildings	15 days	BAFA recognized certificate	
Preparation Course for On-site energy consultant	10 days		

Energy efficiency of non residential buildings	4 days		
Solar Thermal Heating	1 day		
Medical devices, medicine, health and care			
Basic course medical law	1 day		x
Technical documentation for medical products	1 day		x
Functional safety of medical devices - basic and advanced course	1 day each		x
Risk management and risk analysis for medical products acc. to ISO 14971:2007	2 days		x
Certification of medical devices outside Europe	1 day		x
CE certification of software for medical use	1 day		
Clinical assessment of medical devices	1 day		x
Management systems for manufacturers of medical devices (ISO 13485:2003)	1 day		x
QM requirements for the certification of medical devices in the USA	1 day		x
Electrical safety of medical devices - IEC 60601-1 basic and advanced course	1 day each		x
Sterilisation processes on medical devices - basic and advanced course	1 day each		x
Certification of medical appliances in the USA - basic course	1 day		x
Certification of medical appliances in the USA - advanced course: How to compile a 510(k) application	1 day		x
Biological safety of medical devices	2 days		x
Development management in the medical devices branch	1 day		x
IEC 60601-1-6	1 day		
Clinical Research Training for Junior CRAs	2 days		
Clinical Research Training for Advanced CRAs	2 days		
Clinical Research Training for the Investigational Team	2 days		
Introduction to GCP Auditing in Clinical Research	1 day		
Clinical Project Management	2 days		
European Clinical Trials Directives	1 day		
Manager Regulatory Affairs International - TÜV	exam		x
Safety Expert Active Medical Devices - TÜV	exam		x
Safety Expert non-Active Medical Devices - TÜV	exam		x
Specialist Technical Documentation - TÜV	exam		x

Specialist Managementsystems - TÜV	exam		X
Transport, Vehicles, Logistics			
ADR qualification scheme: driver for hazardous goods	1,5-5 days	ADR-certificate of IHK	
ADR qualification scheme: expert for hazardous goods	30-40 units	ADR-certificate of IHK	
Qualification scheme for fork-lift operators	0,5-5 days	Certificate according to VDI, permit	
Tie-down training - different topics	0,5-2 days	Certificate according to VDI	
RFID basic course	1 day		
Crane operator - basic course and advanced course	1-3 days		
Experts/Inspectors for cranes and lifting principles - basic and advanced courses	3 days		
EU professional drivers directive			
More traffic safety - Practical tips for bus drivers	1 day		
Eco-training for bus/lorry drivers	1 day		
Working place bus/lorry	1 day		
The safety conscious bus driver	1 day		
Passenger and other road users handling	1 day		
Modern vehicle technology	1 day		
New Technologies			
Hydrogen Technology	1 day		
Ecodesign directive/EuP directive 2005/32/EC	1 day		
Information Technology			
Train The Trainer-Workshop (including Training Material Basic Set)	1 day		
ISO/IEC 20000 Foundation	2 days		X
ISO/IEC 20000 Professional – Support of IT Services	2 days		X
ISO/IEC 20000 Professional – Control of IT Services	2 days		X
ISO/IEC 20000 Professional – Management and Improvement of ITSM Processes	2 days		X
ISO/IEC 20000 Professional – Alignment of IT and the Business	2 days		X
ISO/IEC 20000 Professional – Delivery of IT Services	2 days		X

Akademie

ISO/IEC 20000 Professional in ITSM	Exam	Competence certificate (TGA/IAF)	
ISO/IEC 20000 Consultant/Manager in ITSM	3 days		x
ISO/IEC 20000 Executive Consultant/Manager in ITSM	in progress		x
ISO/IEC 20000 Internal Auditor in ITSM	3 days		x
ISO/IEC 20000 Internal Auditor in ITSM	Exam	Competence certificate (TGA/IAF)	
ISO/IEC 20000 Executive Auditor in ITSM	in progress		x
